**HIMACHAL PRADESH**  
**2011 - CENSUS**

## **PREFACE**

The Constitution of India envisages special provisions for the welfare and development of economically and socially backward classes of the society. The correct data and figures about the weaker sections is of utmost importance for formulation and implementation of schemes and programmes for the welfare of such classes. According to the Census 2011, the population of Himachal Pradesh is 68,64,602 out of which 17,29,252 persons belong to Scheduled Castes. The percentage increase in the population of this State during the decade 2001-2011 was 12.94%, whereas percentage increase of SC population during this period was 15.12%, while the same in respect of population other than SCs is 12.23% in the State. According to 2011 Census, the SCs constitute 25.19% of total population in the State as compared to 24.72% during previous Census.

2. The Scheduled Castes in the State are not concentrated in specific regions but are widely dispersed. As per the policy of Govt., in order to quantify the flow of funds to Scheduled Caste concentration areas and undertake infrastructural activities which should wholly or partially benefit the SC families, it is essential to prepare a directory consisting of the following data:-

- (1) List of villages having 40% or more SC population ;
- (2) List of villages having 90 SC persons or more.

3. Lists of such villages have been carved out of the Census data and are being published District/Tehsil wise. This exercise is of special importance because many departments have been raising the issue of exhaustion of such villages as far as provisioning of various services is concerned.

4. This would go a long way to ensure flow of funds to SC populated areas to take up infrastructure development activities which would wholly or partially benefit the SC families. This directory shall, especially be helpful in identifying the implementation of schemes for the welfare of Scheduled Castes. Some of examples are depicted below:-

- (i) Construction of link roads to SC populated areas;
- (ii) Location of Schools, Health sub centers, veterinary dispensaries, Ayurvedic dispensaries, etc.;

- (iii) Implementation of the Rural Electrification Programme and Electrification of left out SC bastis.
- (iv) Implementation of Rural Water Supply schemes for Scheduled Castes.
- (v) Implementation of Medium and Minor Irrigation schemes ;
- (vi) Implementation of MGNREGA, NRLM and
- (vii) Implementation of other target group schemes like Dairy development etc.

I am sure this directory will facilitate the work of all the departments which are working for the welfare of Scheduled Castes and serve useful purpose in the implementation of Scheduled Castes Sub Plan in letter and spirit.

Sd/-  
R. D. Dhiman  
Principal Secretary (SJE) to the  
Government of Himachal Pradesh
